wood

Additional description

- Stylish vase with interesting shape
- Made of coloured glassware
- Available in two sizes
- H 25 cm x W 12 cm x D 12 cm

The Lyle vase, from the Exclusive collection by Dutch interior design brand WOOD, is a striking specimen due to its unique hand-blown design. The vase consists of three layers of various heights and patterns. The light-coloured glasswork gives a subtle masking to the flower stems, making them blend beautifully into the ambiance of your home!

Material

The vase is 100% waterproof and made of glassware. The glassware in our collections is formed in various ways; hand-/mouth-blown or machine-made. The artisanal glasswork ensures that each item is unique and slight unevenness may occur in the collections. The colouring of transparent glass is done at an early stage of the process, an opaque colouring of the glass is done after the glass item is fully formed and cooled down. Organic colourings are used for our colouring techniques at all times.
