The Japandi philosophy behind the new collection by Dutch interior brand BePureHome comes from the Japanese term: ukiyo. This stands for detaching yourself from daily worries and consciously living in the moment. This appealing furniture series is characterised by sleek design, warm wood tones and powerful simplicity. The items bring together Japanese finesse and oriental wood art. These stylish features have been brought together flawlessly in our own factory in Zwaagdijk-Oost, the Netherlands. Pure Dutch craftsmanship with Japanese inspiration.

WARNING tipping hazard!

For cabinets higher than 70 cm, we recommend paying extra attention to the wall mounting. Mounting the fall prevention prevents accidents and keeps the cabinet from tipping over.

Material

The item is manufactured from deep brushed pine. The pinewood furniture in our collections is FSC-certified and is treated in various ways. Sanded pine is very smooth and tidy and brushed pine is known for its characteristic grain pattern and weathered look. For an even more robust look, pine wood is band sawn. Pine is characterised by a light yellow colour and visible flame markings. The black shelves out of sight are made of chipboard (fsc) and the black back panel is made of HDF (fsc).
