This braided hanging lamp Moza comes from the collection of Dutch WOOD and is made of bamboo with a green finish. The open structure of the lampshade spreads an atmospheric light and fits into multiple interior styles. Its size makes Moza an eye-catcher in the room.

## Material

During the production process, the bamboo is lasered to size. Due to this technique, the strips may be slightly darker on the inside of the lamp. Bamboo is a very strong natural product and also very flexible, this ensures a very high durability level. Bamboo is very light in colour but can react strongly to its surroundings. The weather influences cause bamboo to slowly turn grey or become mouldy. This does not affect the construction, quality or lifespan of the furniture.

## Dimensions

This atmospheric Moza has a height of 36 cm and is 36 cm round. The lamp has a 1.42 metre cord and can be connected to the mains.

## Maintenance

All bamboo items are pre-treated to slow down the aging process. Any stains can easily be removed with a slightly damp cloth, stubborn deposits can be sanded away with a light sandpaper.

## Delivery

The lamp is delivered in one box and a maximum of 60W. Th
