JAMES CABINET WOOD BLACK [fsc]

The mark of responsible forestry

wood

Country of origin

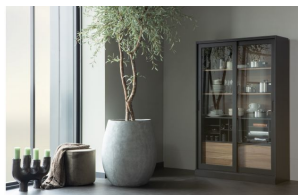

NL

#### Additional description

The James showcase (hwxwd) 200x125x47 cm is an own production of the Dutch brand WOOD Exclusive. The showcase James has a beautiful country style with a tough appearance and is made of FSC wood. The matt black parts are made of pine and the wood-coloured parts are made of chipboard with a walnut print. The James showcase is painted in a black colour. The interior of the cabinet has the natural colour of the wood. The space between the shelves is 33,3 cm. In this cabinet you can store a lot because of the 3 shelves and the smaller black shelves. Show off your favourite crockery or glassware and style it with beautiful accessories. The glass in the doors has a thickness of 4 mm.

This cabinet comes as a construction kit with clear assembly instructions.
