Are your feet ready for a warm winter? Indulge your feet in the winter months with this super-soft rug. Rug Highway comes from the collection of Dutch interior design brand BePureHome and is made of 100% man-made fibre (polyester). The sand colour easily blends into a bohemian or Scandinavian interior.

Material

The artificial fibres (polyester) are manufactured into the rug by machine tufting. The underside has a protective, woven layer. The rug does not absorb heat and is therefore not suitable for homes with underfloor heating.
