MAXIME DINING TABLE RECYCLED WOOD NATURAL 180x90CM

wood

Country of origin

IN

Additional description

- Stylish dining table with tough woodwork
- Table top formed from recycled teak
- Each item is unique!
- H 76 cm x W 180 cm x D 90 cm

A tough and robust table top on a slim, matt black leg frame. You'll find this stylish combination in the Maxime series from the Exclusive collection by Dutch interior design brand WOOD. The wood of the Maxime items is recycled teak with a rough look and warm colouring. The characteristic look of the recycled wood gives each item unique properties.

Material

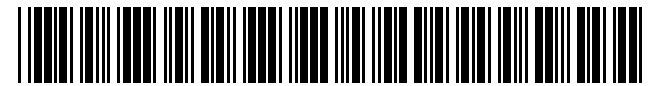

Teak is a tropical hardwood and a very durable type of wood. Teak has a dark brown/red colour which looks very luxurious. Teak wood is characterised by a tight, straight grain and is therefore very suitable for processing. However, outdoor use can cause discolouration or hairline cracks in the wood. This does not affect the construction.

Dimensions

- Height: 76 cm
- Width: 180 cm
- Depth: 90 cm
- Top height: 8.5 cm
- Top thickness: 2 cm
- Foot height: 74 cm
