Meet the Family! The Family sofa elements by Dutch interior design brand vtwonen can be endlessly combined. Family has several element options which are upholstered on all sides, making it easy to place an element separately in the room. The elements are easy to connect thanks to the crocodile mouth at the bottom.

Material

The Family elements are made of a wooden frame of hardwood and plywood. The seat is filled with zigzag springs and two types of polyurethane foam (T3030 and HR3020). The backrest is composed of softwood and a combination of silicone and cut foam.

The Family series is upholstered in a soft, woven fabric with a washed look. Our finely woven fabric Ragusa has a velvety feel and a full grip. The fabric is striking for its washed appearance. Ragusa is made of 100% polyester and has a visible weave pattern. The fine fabric is suitable for very intensive use with a Martindale 90,000.
