FOSS TABLE LAMP BASE ALUMINIUM ANTIQUE BLACK / BROWN

wosod

Intrastat Code

94032080

Additional description

- Organically shaped table lamp base
- Made of aluminium with an antique black finish
- Note: only the base is concerned
- H 48 cm x W 15 cm x D 15 cm

The Foss table lamp foot, from the Exclusive collection by Dutch interior design brand WOOD, is a modern piece. The convex base gives the lamp base a playful touch. The cord is stylishly hidden on the inside and finds its way out at the bottom of the lamp base. This makes it easy to keep the black cord out of sight, which is just as stylish!

Material

Aluminium is a very suitable type of metal for furniture development because of its light weight, strong composition and flexibility. The aluminium in our collections has various treatments and finishes, such as welding, stamping, powder coating or wet painting. This gives the aluminium item a chic look or even a weathered, aged look. Aluminium is anti-corrosive and therefore also very suitable for outdoor use.

Dimensions

- Height: 48 cm
- Width: 15 cm
- Depth: 15 cm
- Fitting: H 6 cm x Ø 5.5 cm
- Leg: H 24 cm x Ø 3 cm
