The Comforting Spices collection by Dutch interior design brand BePureHome consists of a wide selection of decorative pillows, quilts and tablecloths. The collection name already hints at the special coloring technique of these items. According to an ancient Indian pattern technique, the items are stamped with natural pigments, such as herbs and spices like turmeric.

Material

The cushion cover is made of 100% cotton. The cotton cushion covers from our collections have a visibly high quality. The vegetable fibers are woven into a supple fabric that shapes nicely around the cushion filling. The natural cotton fiber is by itself very strong and hard-wearing. The dyeing of cotton fibers or threads is done with great care and thus requires careful handling, for this reason avoid coarse friction and direct sunlight.
