WARNING tipping hazard!

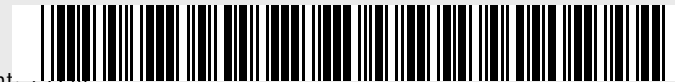

For cabinets higher than 70 cm, we recommend paying extra attention to the wall mounting. Drop prevention mounting prevents accidents and preserves the cupboard from tipping over.

Material

The pine furniture in our collections is FSC-certified and is treated in various ways. For example, sanded pine is smooth and neatly finished, while brushed pine is known for its characteristic grain marks and lived-in look. For an even more robust look, pine is band sawn. Pine is characterised by visible flame and grain marks.
