Clean design, graphic lines and an exciting colour contrast. These are the characteristics of the Miller series from the Exclusive collection by Dutch interior design brand WOOD. The mist-white finish keeps the design stylish and modern with the sturdy, sturdy black legs as an exciting counterpart. The interplay of lines makes every item in the Miller series look sleek and blend easily into your interior style. The interior accessories have a classic antique brass finish, luxurious!

### WARNING tipping hazard!

For cabinets higher than 50 cm, we recommend paying extra attention to the wall mounting. Fall prevention mounting prevents accidents and preserves the cupboard from tipping over.

### Material

The pine furniture in our collections is FSC-certified and is treated in various ways. For example, sanded pine is smooth and neatly finished, while brushed pine is known for its characteristic grain marks and lived-in look. For an even more robust look, pine is band sawn. Pine is characterised by visible flame and grain marks.
