Timeless design and items that never get boring, that's what Nordic design is known for. This Pepe table lamp comes from the Exclusive collection by Dutch interior design brand WOOD and stands out for its tightly stretched rope work. The different layers ensure that the light is diffused playfully. Also ideal for a bohemian or botanical living style.

Material

Rope is a very strong natural product and also very flexible, ensuring a high level of durability. The rope in our collections is beautifully light in colour. Natural rope can react strongly to its environment; weather influences gradually cause the fibres to grey or mould. For this reason, these items are only suitable for indoor use.
