## WARNING tipping hazard!

For cupboards higher than 50 cm, we recommend paying extra attention to the wall mounting. Fall prevention mounting prevents accidents and preserves the cupboard from tipping over.

## Material

Mango wood is known for its warm golden brown colour, durable growth and long durability. Mango wood is also characterised by clearly visible grain and colour nuances. The grain, a yellow glow or dark lines and knots ensure that each mango wood item is unique. Mango wood is very strong and one of the harder woods, so a mango wood item will not easily be damaged.
