# WESTON CHAIR OUTDOOR BLACK

wood

Dimensions	75x56x54
Material	pe/metal
Color finish	black
Packages	1
Country of origin	CN
Intrastat Code	94017900

### Additional description

- Outdoor dining chair
- Formed from a metal frame and rattan seat
- Suitable for indoor and outdoor use
- H 75 cm x W 56 cm x D 54 cm

The outdoor collection of Dutch interior design brand WOOD has been enriched with this comfortable Weston chair. The metal frame is friendly shaped and offers a very stable seat and comfortable armrests. The seat is formed from woven rattan, the man-made version of rattan. This will keep Weston strong and beautiful for years to come! Extra convenient: the Weston chair is stackable.

### Outdoor

Protect the furniture against hard rain, night frost and winter with a plastic wrap or protective cover. If possible, it is better to overwinter the furniture indoors.

### Material

Rattan is the synthetic variety with a high flexibility, which ensures a natural light yellow colour.
