Additional description

- Multi-purpose decorated rug
- Made of 100% polyester with a cotton backing
- Suitable for heated floors
- W 170 cm x L 240 cm

This Juup decorated rug, from the Exclusive collection by Dutch interior design brand WOOD, is a smart purchase for dressing up your living space. The rug can embellish the seating area as both a rug and a wall hanging. The included hanging option gives a natural, earthy look to this neutrally decorated cloth.

Loose threads and piles

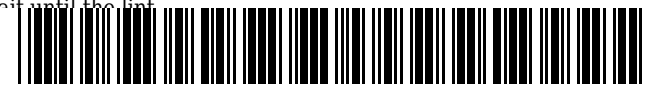

For a high-pile rug, cut off the piles with small scissors at the same height as the other piles. With a low-pile rug, it is recommended to thread the loose threads back into the rug with a (crochet) needle. Never cut these, as this will cause holes.

Dimensions

- Thickness: 1 cm
- Width: 170 cm
- Length: 240 cm
- Weight: 11 kg

Maintenance

Remove only loose lint, so wait until the lint comes up. You can speed up the process by pulling the lint with a special attachment brush.
