A striking retro design in a new look: meet William! This chic swivel chair from the Exclusive collection by Dutch interior design brand WOODOO, is very comfortable and takes you back to the 60s. A voluminous design on a modern swivel base. The William swivel chair is upholstered in a matt-gloss ribbed fabric with a playful, winding strip.

Material

The Ropi rib fabric is a super trendy fabric, Ropi is stylish and comfortable! Our soft Ropi rib fabric is made of 100% polyester thread. This combination makes the rib fabric very easy to maintain and, with a Martindale of 100,000, you need not fear scratches or pilling. The rib fabric has a reinforced backing and looks very slim because of the narrow, winding stripes.
