WARNING tipping hazard!

For cupboards higher than 50 cm, we recommend paying extra attention to the wall mounting. Drop prevention mounting prevents accidents and keeps the cupboard from tipping over.

Material

The Basu series is made of FSC-certified pine, the back is formed from HDF board material. The pine furniture in our collections is FSC-certified and is treated in various ways. For instance, sanded pine is smooth and neatly finished and brushed pine is known for its characteristic grain marks and weathered look. For an even more robust look, pine is band sawn. Pine is characterised by visible flame and grain marks.
