Chic and stylish! That's this side table Mellow from the collection of Dutch interior design brand BePureHome. The side table is a stylish item because of its clean lines and visibly veined marble. Use Mellow as a coffee table, plant table or stage for your most beautiful decoration piece.

### Material

Marble is a limestone rock that acquires its natural colour shades through long exposure to temperature differences and high pressure during the formation of mountain ranges. This process ensures that each marble item has its own unique markings. Besides the characteristic markings, white spots or dots can also occur in the stone. Prevent stains caused by moisture easily by using coasters.
