This desk is part of the Dennis room, this room consists of a sofa bed or a bed without walls, a desk, a closet, a storage box, a bedside table and a wall shelf.

Brushed wood This piece of furniture is made of brushed wood. The veins and knots are accentuated by brushing so that the wood gets a worn out appearance. This treatment can make unevenness, small cracks and knots extra visible. These are characteristics of the aged wood. This makes each copy unique!
