# WATCH TV UNIT PINE ROUGH SAWN BLACK [fsc]

The mark of responsible forestry

Color finish black

Packages 2

Country of origin NL

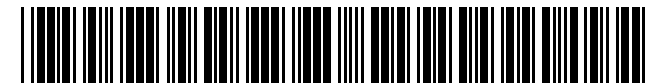

## Additional description

This Watch TV cabinet has a sturdy look and comes from the latest collection of the brand BePureHome. The Watch TV audio cabinet has a matt black color and is solid, FSC certified, pine with a coarse cut finish. The cabinet has a door on both sides and in the middle two practical storage drawers. All the doors and drawers equipped with large sturdy metal handles.

This TV cabinet has enough space for media equipment and therefore the middle shelf and bottom shelf has a hole so that the wiring can be put through.

This furniture is made of coarse sawn wood. This means that the wood is cut across, giving it a rustic sanded appearance. This gives the furniture an experienced vintage look. This cabinet needs assembly.

In the case of hard floors, place felt glides under the legs to prevent damage to the floor....
