Assembly required

Additional description

This vtwonen Lower case cabinet has 4 compartments (38x38), 2 of which close with a door with leather handle and 2 are open. The Lowercase cabinet is made of sanded FSC certified pine wood finished in a concrete gray color and has a black metal base. The nice thing about this cabinet is that there are several elements from which you can compose the cabinet yourself. So you can use this Lowercase cabinet on its own with black metal base or combine it with the other variants and compose your own cabinet!
