- Made of 100% natural cotton

- L 70 cm x W 50 cm

You can now dry the dishes in natural style with the set of three Niene tea towels from the BePureHome collection. The Niene cloths are made of natural cotton which ensures good water absorption. The clay colored finish and graphic print give the tea towels a minimalistic and down-to-earth look.

### Material

The tea towels are made of 100% cotton. The cotton cloths in our collections have a visibly high quality. The vegetable fibers are woven into a supple fabric. The natural cotton fiber is by itself very strong and hard-wearing. The dyeing of cotton fibers or threads is done with great care and thus requires careful handling, for this reason avoid direct sunlight.

### Dimensions

- Length: 70 cm
- Width: 50 cm

### Maintenance

It is possible to wash the cloth at 30 degrees, let it dry outdoors but avoid direct sunlight. With dark-colored tea towels, it is recommended to wash separately the first few times, as the fabric may still give off color. Use a mild detergent when washing, otherwise the fabric may harden and feel less comfortable.

### Delivery

The set of three comes in a package of five sets. When unpacking, do not use sharp objects that may damage the cloths....
