DIJK KNITTED PLAID COTTON SAND 130x170CM

basiclabel

Additional description

- Super-soft plaid
- Knitted from 60% acrylic / 20% wool / 20% nylon
- Traditional knitting pattern
- L 130 cm x W 170 cm

The Dijk knitted plaid from the Basiclabel collection is a super-soft addition to your autumn accessory collection. The plaid will keep you wonderfully warm during the colder months and also looks cosy as a decoration in your seating area. The classic knitted pattern brings the atmosphere of traditional craftsmanship into your interior!

Material

A part-wool plaid is characterised by its soft grip and slightly stiffer structure. The first period, the plaid can be quite fluffy; this is part of the process of this natural fibre. Loose fluff can easily be removed with a Hoover and furniture brush. If the natural fibres are coloured, they are also susceptible to discolouration. In this case, keep the plaid out of direct sunlight.

Dimensions

- Length: 130 cm
- Width: 170 cm

Care instructions

The plaid can only be washed in a cold hand wash. Then let the plaid dry flat on a soft surface, e.g. the bed. This will keep the plaid nice and soft to the touch.

Delivery

The plaid is delivered in one package per five pieces. When unpacking, do not use sharp objects that may damage the article....
