Create your ideal dining area with the elements from the Tablo series by Dutch interior design brand WOOD. Tablo has many combination possibilities and various sizes available to furnish your dining area exactly as you like it. Choose, for example, this generous tabletop with stylishly rounded edge!

Material

Oak is characterised by its light brown shade with a soft yellow glow and clearly visible grain. Oak generally dries very slowly, which can cause the natural process of cracking and discolouration. Oak is a natural product that deserves a visible stage, which is why we only use natural-based lacquers and coatings that show off the grain marks and natural characteristics of the oak wood. The oak wood in our collections is always 100% FSC-certified.

Dimensions

Maintenance

Treated oak is very easy to maintain. Keep the furniture dust-free regularly with a clean, dry cloth. Remove damp stains immediately with a slightly damp cloth and neutral detergent, allow the wood to dry. Do not use abrasive cleaners. Do not place a trivet under a drinking glass. For possible re-treatment of the furniture.
