The Sev dining chair, from the Exclusive collection by Dutch interior design brand WOOD, is stylish in its simplicity. The material combination of metal and leather look reinforces each other and creates a comfortable look. The backrest with its airy design and capiton lining creates a chic look and secure seating. Hours of table fun guaranteed!

Material

The leather look has a generous, smooth appearance. The material is made of 100% polyester and has a very soft grain. Both the dark and light coloured fabric is very colourfast. During use, the appearance more, this does not change
