- Unique, accessible design
- H 79 cm x W 324 cm x D 165 cm

Comfortable and robust. The design of the Allure chaise longue sofa, from the collection of Dutch brand WOOD, combines the best of both. A nice detail of Allure is the modern stitched upholstery in the seat and back. The sofa has a low, plastic black leg. Allure has an extremely comfortable seat: relaxing has never been so stylish!

Material

Our Loma velvet fabric has a luxurious look and feel. The fabric has a fine feel and a beautiful, slightly matt sheen. The Loma washed velvet consists of 80% polyester and 20% cotton, and has a full and heavy quality. The material is therefore suitable for intensive use (Martindale 100,000). The velvet fabric will not pill easily but is delicately sensitive to light, discolouration of exposed fabric may occur over time. The fabric is, to the surprise of many, a very easy fabric to maintain.
