The Nika swivel chair from the Exclusive collection by Dutch brand WOOD has a relaxed look and features timeless stitching. The seat and back are upholstered in a fashionable coarse melange fabric (100% polyester, Martindale 30,000) in a warm shade. The base is made of metal with a black powder coating. Nika invites you to linger at the table!

Material

The strong Barre melange fabric is suitable for intensive home use with a Martindale of 30.00. The coarse melange weave gives the fabric a full and deep look. The polyester threads are coloured thread by thread, giving the fabric a beautiful, deep colour blend with a clear weave pattern. Because of the coarse weave, Barre is slightly susceptible to loops, so avoid contact with sharp objects such as nails or zips wherever possible.
