Material

Wall cabinet Brisa is made of MDF with a mist-coloured finish. The MDF sheet material in our collections is formed from pressed wood fibres which are bonded under pressure using resin. As a result, this material has a very smooth surface.

Dimensions

- Height: 57 cm
- Width: 80 cm
- Depth: 23 cm
- Carrying capacity: 10 kg
- Weight: 14 kg

Maintenance

The advantage of pressed board material is that it will not splinter or warp. However, when unprocessed or damaged, this material is very sensitive to moisture and heat due to its highly absorbent properties in its original state. For this reason, a protective coating is applied.
