This decorative fireplace is made of various types of wood and is therefore not suitable for real flames. Decorative candles are a good alternative.

### WARNING tipping hazard!

For furniture higher than 50 cm, we recommend paying extra attention to the wall mounting. Fall prevention mounting prevents accidents and preserves the furniture from tipping over.

### Material

The exterior of the Ally decorative fireplace is formed from milled pine in tile look. The pine furniture in our collections is FSC-certified and treated in various ways. For instance, sanded pine is smooth and neatly finished and brushed pine is known for its characteristic grain marks and aged look. For an even more robust look, pine is band sawn. Pine is characterised by visible flame and grain marks.
