

Acier Shelf Large Nickel

PRODUCT FACT SHEET

Acier Shelf Large Nickel

Six open levels create a structured framework for storing and displaying with clarity. Acier Shelf in nickel is crafted from stainless steel with a matte finish that gives the piece a more understated, architectural feel. The extended height and increased capacity make it ideal for larger collections, from ceramics to everyday essentials. Clean in its expression and generous in its function, it brings order and definition to the space while maintaining a light, open presence.
