Additional description

With this super cool corner sofa in Recycle leather you have a real eyecatcher in the house! And for everyone is a place. This corner sofa is available with the corner on the left or the corner on the right. Just what suits you better in the room. It is a very sturdy and comfortable sofa made of Army Green ECO leather. This gives the sofa a nice body. ECO-LEDER consists of 70% genuine leather and 30% polyester. ECO-LEDER is made of two materials: the underlayer is made of recycled genuine leather which gives it a natural and unique look. The leather is protected by a polyester covering layer which prevents unevenness and makes it a solid combination fabric.

Maintenance: ECO-LEDER can be maintained as follows: you can clean the fabric with a damp cloth. In case of stains you can use a neutral soap solution to remove the stain. After removing the stain, wipe the fabric with a damp cloth.

Note: Proper maintenance extends the life of upholstered furniture. This bench is supplied in separate elements. The elements are easy to connect with each other by means of brackets. Click here for more information about delivery. For hard floors, place felt glides under the legs. This prevents damage to the floor.
