Additional description

Robust and tough we call the closet Dennis. This solid pine hang/leg cabinet has a brushed finish, is painted in the color concrete grey and the doors have a vertical v-groove line. The interior of the cabinet is made of melamine and consists of one wide shelf at the top and below on the left a shared rod and on the right three shared shelves and a drawer block with 2 drawers.

This cabinet is part of the Dennis room, this room consists of a sofa bed or a bed without walls, a desk, a closet, a storage box, a bedside table and a wall shelf.

This piece of furniture is made of brushed wood. The veins and knots are accentuated by brushing, giving the wood a lived look. This operation can make uneven areas, small cracks and knots extra visible. These are characteristics of the lived wood. Each copy is therefore unique! The cabinet is supplied as a simple kit with clear assembly instructions....
