### Additional description

Elephant skin is the newest version of the beautiful seating series Rodeo by the brand BePureHome. This sofa is modern, chic and contemporary. This corner sofa on the right is spacious, offers plenty of seating space and is upholstered with a beautiful Elephant skin. This skin looks like leather, but is made of 50% nylon and 50% pu in a warm gray color and that gives the sofa a chic look and feels great. The slim frame and loose cushions make the sofa look subtle in the living room.

Furniture fabrics are sensitive to direct rays of ultraviolet light (sun or halogen light) and discolour over time. Do not place furniture fabrics in the immediate vicinity of a heat source.

The skin has not been tested for additional treatments and we therefore advise against impregnating the sofa.

If necessary, clean with a clean cloth, slightly moistened with lukewarm water. Do not rub, but sweep in one direction.

The legs are made of black metal.
