RHONDA DINING TABLE Ø150 OAK BLACKNIGHT [fsc]

Color finish

oil blacknight

Additional description

The WOOD dining table Rhonda XL (Øxh) 150x76 cm, blacknight (black lacquered) is tough, robust and has a trendy look. This 150 cm round table has 4 sturdy legs of 11.5 cm and a 27 mm thick leaf. Through the use of metal corner plates, this table is durable in use. The height of the table is 76 cm. The distance between the floor and the underside of the table rail is 73 cm (important for armchairs). Oak brings ambiance to the house, the oak of this table consists of strips of glued oak (finger joint) with over it a special (black) 2-component oil, which is very hardwearing and water and heat resistant. The table top consists of 2 parts that are simply mounted together invisibly (V-groove). Along with the V-groove in the middle of the table, there are identical V-grooves on both sides. The three V-grooves in total give this Rhonda XL dining table an extra vivid look. The dining table Rhondo XL Blacknight lacquered is also available in untreated clear oak. This item is delivered as separate elements and is easy to assemble using the supplied assembly instructions. In the case of hard floors, place felt glides under the table legs. This prevents damage to hard floors....
