natural

Additional description

Solid sideboard with spatial lines
Natural oak veneer with black metal base
Stylish furniture with storage possibilities
H 85 cm x W 180 cm x D 46 cm

The Sideboard Gravure natural oak veneer [fsc] of the Dutch brand WOODO Exclusive is part of the series Gravure. This solid series of cabinets have a basic modern design and a warm appearance due to the use of materials. The doors of the Gravure series have a spatial interplay of lines.

The Gravure series has various models of cabinets in the colours natural oak, brown ash and black pine. A different door colour can be chosen for each model. The series contains all combinations.

This sideboard with lots of storage possibilities is based on natural oak veneer and natural oak veneer doors combined with a black metal base (height of 15 cm). The interior of the cabinet is laminated chipboard in the colour black.

The cabinet has 3 doors and behind each door there is a fitted shelf, the height between the shelves is 32 cm and the width is 58 cm.

This furniture has a weight of 45 kg and is delivered as a construction kit (in 2 packages) with a clear assembly instruction.

On hard floors, place felt glides under the legs. This prevents damage to the floor....
