Additional description

The Rodeo range of seating by the BePureHome brand is modern, tough and contemporary. This chaise longue sofa on the left is generous, offers plenty of sitting space and features a tough fabric Recycle leather. Because of the slim frame and loose cushions, the sofa subtly shows in the living room.

The legs are made of black metal. The seat height is 45 cm, the seat width is 274 cm (120 cm from the lung chair part), the seat depth is 60 cm (125 cm from the lung chair part) and the height of the armrests is 67 cm.

What is Recycled Leather? When cutting the patterns of the hides and skins, factories are left with remnants. These remnants are crushed and we make a new fabric out of this: Recycled leather. Recycled leather consists of 70% genuine leather and 30% polyester. The fabric is made up of two materials: the underlayer consists of recycled genuine leather, which gives it its natural and unique appearance. The leather is protected by a polyester coating which prevents unevenness and makes it a sturdy combination fabric. Maintenance: Recycled leather cannot be treated with grease for leather. Recycled leather can be maintained as follows: a slightly damp cloth can be used to clean the fabric. In case of stains, you can use a neutral soap solution t...
