This Lofty armchair from the collection of the Dutch brand vtwonen is an armchair with a firm seat and a wonderfully soft, comfortable back cushion. Lofty is upholstered with a sturdy fabric (100% PES), Martindale 30,000 making the chair suitable for intensive living. The round shapes give the chair a friendly look.

The Lofty armchair (h x w x d) 75x68x72 cm has a seat height of 46 cm, a seat width of 65 cm and a seat depth of 48 cm. The plastic legs under the chair are 2.5 cm high. This armchair has a weight of 15 kg.

The frame of Lofty consists of hardwood, chipboard and plywood. The armchair has a comfortable but firm seating comfort. The seat cushions have a filling of foam T3542, normal foam with a long life. The back cushions are filled with T2130, so you have a lovely, soft and comfortable back cushion.

For hard floors, place felt glides under the legs. This prevents damage to the floor. Proper maintenance extends the life of upholstered furniture. Use a damp cloth and neutral soap to remove the stains.
