leem

Additional description

Slim, tough cabinet
Solid pine [FSC] loam lacquered with black metal frame
Convenient; with hanging and laying area
H 195 x W 100 x D 53 cm

Slim and tough we call the Morris wardrobe from the collection of the Dutch brand WOOD. This solid, FSC certified pine hanging / wardrobe has a rustic finish, is sprayed in the color loam and the doors have black leather handles. The frame is made of black lacquered metal. The interior of the wardrobe is made of melamine and consists of one wide shelf at the top and underneath on the left a split rod and on the right three split shelves.

This cabinet is part of the Morris room, this room consists of a single bed, a bed drawer, this desk, this closet and a bedside table.

Rough sawn wood This piece of furniture is made of rough sawn wood. This means that the wood has been sawn across, giving it a rustic sanded appearance. This gives the furniture a lived through vintage look. Because of this treatment, unevenness and small cracks can be extra visible. These are characteristics of coarsely sawn wood. Each one is therefore unique!

This cabinet is supplied as :
