

Bloomingtonville

Material The Bloomingtonville collection is made of black-stained oak and is covered with PU leather (polyurethane) in ray skin print on the front, side and/or tops. The matt gold handles are made of metal.

Possibilities This collection consists of a bar cabinet with glass holders (!), dresser, TV dresser and set of round coffee tables.

Maintenance To keep the Bloomingtonville furniture as beautiful as possible, it is important to maintain the furniture well. For the daily maintenance of the black frame, DO NOT use scouring pads and abrasive cleaners as these can leave scratches in the black stained oak. The ray skin print is best cleaned with a dry or slightly damp lint-free cloth WITHOUT cleaning detergents.

IMPORTANT: NEVER place hot objects directly on the ray skin print, as these can damage the structure and damage the glue layer. The use of coasters is therefore recommended.

This way you will keep your furniture looking beautiful and it will last for a long time.

Delivery time The delivery time of the Bloomingtonville collection is 4 weeks.
